Daruma\*

\*The Daruma card has the following explanation of the Daruma doll printed on the back: A Daruma doll is a Japanese tradition for working toward a goal. Draw a pupil in one eye and write down your goal. Keep your Daruma somewhere visible to remind you to focus on your goal. Draw the second pupil when you fulfill your goal ... and do a happy dance.

The designs below are not currently available, but may be reprinted in the future. Please contact me if you are interested.
